

I would like to share the value of an important radio station that is a part of my daily life. On K-LOVE, my family and I can hear quality Christian music WITHOUT commercials. This is a wonderfully 'safe' radio station that my children and I listen to for several hours each and every day. Imagine a 39 year-old, a 13 year-old, and a 6 year-old agreeing on a radio station!!! In addition to the fact that we have this family-friendly media available to us for entertainment, K-LOVE also provides community announcements about public events and service opportunities. This is of particular value to charities, because K-LOVE makes these announcements free-of-charge. As a volunteer for a church organization, I have personally witnessed the positive impact these announcements made in an event I was a part of. Other broadcast media advertisements are often too expensive for charity organizations. Please do not take away K-LOVE to introduce an LPFM. There are many, many citizens in my community who listen to this station and benefit from it's programming. I honestly can't imagine replacing K-LOVE with any other radio station that would serve the needs of my family or community the way that K-LOVE does. Thank you for reading.
